

Mathias Vestergaard™

Ghostwriter

You have a great idea, an interesting statement or a public opinion, but sometimes you need to express it in text. You need to make it mobile and reproducible on a screen or in print. One way is to transform it into

a written text. Ghostwriter makes this task easy. We do an interview where you explain your idea and then we simply write the type of text you need. It can be an article, column or a letter to the editor.

Prices from \$400
